Subject: RE: New Packing Lists for P3 & 7OH Sample testing RE: KB - Alliance Master Lists for P3 testing and 7OH ppm updates NOV 11 PM 12:04

Importance: High

Hello Jeremy,

I have 8 additional samples that need the 7OH ppm updates and wondering if you have a retention on samples received as far back as Sep/Oct 2025 (see list below)

I am hopeful that you have samples on hand starting from line 4 – 852255 (9/25), 841281 (10/25), 867280 (10/25), 883280 (10/25) and 874280 (10/25). Please confirm the need for samples on the first 3 lines (Jan/Apr'25) for 7OH ppm testing and what would be the lead time once you have all samples in hand.
